Gibson teldata inc

Cumulus Enterprise

Proud to connect with Indiana K-12 technology leaders at HECC.

HECC

FOCUS ON YOUR STUDENTS.

NOT YOUR PHONE SYSTEM.

RELIABLE COMMUNICATIONS FOR EVERY SCHOOL, EVERY DAY.

From classrooms and front offices to district administration, Cumulus Enterprise helps schools keep educators, families and staff connected.

Cumulus Enterprise from Gibson Teldata brings voice, mobility, messaging, and collaboration together in one cloud-based communications platform—giving your district a modern, reliable, and easy-to-manage solution without the complexity of a traditional on-premise phone system.

CONNECT EVERY BUILDING AND TEAM

One flexible platform for classrooms, district offices, transportation and other facilities.

Cumulus Enterprise helps connect your schools, administrative offices, transportation, and support teams through one easy-to-manage communications platform—so everyone can stay connected and focused on students.

ONE PLATFORM. | **MULTIPLE BUILDINGS.** | **CONNECTED SCHOOL COMMUNITIES.**

Whether you're in the classroom, at the front office, across the district, or working remotely — Cumulus helps keep your entire school community accessible and connected.

HECC

COMMUNICATIONS DESIGNED FOR K-12 SCHOOLS

Reliable Voice
Deliver clear, dependable communications for teachers, staff, administrators, and families.

Districtwide Connectivity
Connect schools, district offices, transportation, and other facilities under one unified communications platform.

Business Continuity
Cloud-based communications and geo-redundant infrastructure help keep your district connected when facilities are disrupted.

Flexible Extensions
Support a variety of extension types including desk phones, mobile apps, softphones, and other options to meet your school's needs.

Easy Call Routing
Auto attendants, call queues, time-of-day routing, and customized call flows help families and staff reach the right person or department quickly.

Paging & System Integration
Integrate with paging systems, bell schedules, access control, and other compatible school systems.

Call Reporting
Gain visibility into call activity and trends to help optimize staffing and improve responsiveness.

Local Migration & Support
Get expert support from a local team that understands K-12 environments. We'll help make your transition smooth and provide ongoing support.

BUILT FOR THE WAY SCHOOLS WORK

Cumulus Enterprise can help your district:

- Upgrade from aging PBX systems
- Connect schools and district facilities
- Improve communication between teachers, staff, and administrators
- Support hybrid and mobile staff
- Keep families connected and informed
- Gain a cost-effective, easy-to-manage communications platform
- Provide consistent communications across all buildings
- Simplify administration with centralized control
- Integrate with your existing school systems (where compatible)
- Scale as your district's needs change

LOCAL TECHNOLOGY. PERSONAL SUPPORT.

Your schools succeed when your technology works for you. Gibson Teldata combines modern cloud communications technology with the accessibility and personal support of an experienced local technology partner.

LET'S TALK ABOUT YOUR SCHOOL DISTRICT.
